

Prayer, Welcome and Introduction — Armando Miranda, Jr.

PI #20.01 2020 Playbook Report

Armando shared the 2020 Playbook video on the leadership summit in Albuquerque, NM, Sept. 3-5, 2020. You need to bring your local club and ministry leaders. All of them! May 1 is the early bird deadline. See the website at:

<https://adventistyouthministries.org/news/480-nad-2020-oneteam-playbook-y-ya-leadership-convention>

Comments from the floor...

- We would like monthly updates (e-mails) on this event and others, with all the data (dates, deadlines, websites, etc.) to share down line so that Conf. YD's don't have to spend time to collect the data in order to share it with their local directors.

PI #20.02 AdventSource Report

The *Pathfinder Club Quickstart Guide* has been updated and is available to download at AdventSource, Ministry+. You can also order printed copies.

We are updating the *Pathfinder Bible* from Thomas Nelson. We have a 16 page insert in the front of the Bible that shares Pathfinder Cub information that is relevant to Pathfinders.

We are working on the Pathfinder Club Kit that was proposed last year. This kit would include a *Club Handbook*, *Drill and Marching Guide*, *Honors Guide*, and *Uniform Guide*. The kit would also include Investiture Achievement Curriculum materials.

PI #20.03 Resource Report

Glen Milam presented...

Explanation of AYMT

Adventist Youth Ministries Training (AYMT), is a curriculum structure and framework that provides continuing education for volunteer staff in Y&YA Ministries via role and interest specific Certifications designed to be completed in a year or less.

When you earn a Certification, you complete workshops, work with a mentor, complete fieldwork, and prepare a documentation/resource portfolio, all to further your skills as volunteer staff in youth and young adult ministry.

You earn Certifications via AYMT, much the same as you earn a degree from a university. You can't earn an AYMT, just as you cannot earn a university.

Certifications are not levels of youth curriculum in which you are invested, such as Busy Bee, Friend, or Master Guide. You are not invested in a certification, nor are you invested in AYMT.

Update on Certifications for Pathfinder leaders

AdventSource will be releasing *Workshop Resources for Presenters* and *Participant Guides* in the next two months for:

- Basic Staff Certification
- Instructor Certification
- Counselor Certification (Enlarged and no longer “Jumpstart.”)
- Secretary/Treasurer Certification
- Director Certification

The **NAD AYMT Management Team** continues to develop course outlines for workshops and improvements to certifications as the format goes Y&YA ministries wide. The following graphic will show how the currently planned Certifications relate to the various ministries of NAD Y&YA Ministries. We will need to make a concerted effort to help ministry volunteers recognize that many of the Certifications work across ministries and are intended for them to complete even if it does not feature their specific ministry name in the Certification title.

PI #20.05 Honors Report: Teaching Statement

The North American Division’s AY Honors Task Force recommends to the following Statement of Teaching AY Honors to be included in all printed AY Honors materials, including the Honors Wiki resource.

“Since the inception of the Pathfinder Ministry, honors have had a central role in the development of young men and women for Christ. The purpose of earning honors is to introduce young people to vocations, interests, or hobbies that would provide productive life skills. Another purpose is to create a bond between the Pathfinder and their instructors, as they are mentored in these new skills; this bond would not only bind individuals but would also bind our young people to their

local church family and to Christ.

It is the North American Division’s AY Honors Task Force goal that these two purposes be honored as we continue to develop and adapt the Pathfinder Ministry to prepare for the next generation of young people to join Pathfinders.

During this last generation a new trend in honors has emerged; the unstated goal by many Pathfinders, or the adults in their lives, to amass the largest number of honors possible. At many events, honors are being taught to mass groups and/or in timeslots that neither afford the Pathfinder an opportunity for internalizing the information presented nor interaction with the instructor. Thus, these honor sessions fail to provide the opportunity for either of the purposes of earning an honor.

At times, organizations have even turned to providing poster honors to allow the young person to walk through a space, record a few pieces of information on a page and be rewarded with a patch. While this might be a useful first step in ingesting the basic knowledge to eventually learn a skill, most any educator will verify that this methodology is insufficient for a young person to truly learn and internalize the information.

We, the North American Division AY Honors Task Force, resolve to declare the following tenets to those instructors preparing to teach honors to our young people:

First, Adventist Youth (AY) honors are an intrinsic component of the Pathfinder Ministry in leading young people to Christ, and as such, should not be rushed. IF an honor cannot be taught in the time allocated, it should NOT be taught, unless there is a schedule for completion.

Second, the requirements of an honor are designed to inspire multiple levels of learning to internalize information. Instructors must become proficient with the content of the AY Honor requirements, its layout, and structure, in addition to the materials that are required to instruct the honor appropriately. For an honor to be duly earned, all requirements must be fulfilled.

Third, honors may age due to changing technologies and learning trends. Instructors who have recommendations or changes to certain requirements are invited to submit them to their local Conference Youth/ Pathfinder Ministries Department and/or the North American Division AY Honors Task Force.

Finally, we ask that instructors take the time necessary with each Pathfinder to create a bond with their students; true success in the Pathfinder Ministry is measured in the bonds that are created between the young person and members of their church family.

We thank you for consideration of these matters and we prayerfully request that Pathfinder leaders throughout

the North American Division take a few moments to reflect on the role of honors within their personal ministry to young people.

For more details, refer to the Philosophy of NAD AY Honors, found here: <http://bit.ly/NADYMHonors>

Comments from the floor...

SDACC - There are other places besides Oshkosh where honors are being handed out. Perhaps a statement about events, where honors are done that the patches should not be handed out.

MAU - The problem is us. We need to be accountable as teachers.

SWU - Really appreciate this statement

NPU - How will this affect the teaching of honors at Oshkosh camporees?

NAD - In the past, honor instructors were told that they had the option to modify individual requirements due special needs, availability of new information or techniques, unavailability of supplies due to discontinuation of production, etc., so long as the replacement held to the intent and scope of the requirement. Does this statement alter that understanding?

Unions not listed had no additional comments or questions.

PA 2020.04 Honors Report: Teaching Statement

Voted: To recommend to the Executive Committee the adoption of the honors statement.

Y&YAExA 2020.05 Voted to not accept as written. It needs to be rewritten in a more positive tone and tenor..
